rec'd copies

Dear Cal Horton:

This is a request from Elders for Peace at Carol Woods to the Town Council to receive and approve a resolution calling for the Impeachment of President George W. Bush. We request a place on the agenda of the Council as soon as possible to present this resolution.

Enclosed is a copy of the resolution, a brief description of Elders for Peace and a copy of a signed petition. These documents have been supplied to the members of the Council.

The resolution states some of the many high crimes and misdemeanors of the President. President Bush has assumed virtually unlimited power unto himself, chooses which laws passed by Congress and signed by himself to enforce. The United States is now in a constitutional crisis. It is time for citizens to speak up. Calling for impeachment is a way for citizens through their elected representatives to focus opposition to the law breaking and arrogant misbehavior of the Bush administration.

I will be in touch with the town next week.

Sincerely,

A handwritten signature in cursive script that reads "Robert J. Gwyn".

Robert J. Gwyn
Chairman
Elders for Peace

P.S. Congratulations on your retirement and thanks for your many courtesies and help in the past.

STATEMENT ON IMPEACHMENT OF PRESIDENT BUSH
BY ELDERS FOR PEACE

Elders for Peace is a group of seniors in Chapel Hill, North Carolina who work for peace and denounce institutional violence.

President George W. Bush has acted contrary to law, and violated his oath to uphold the Constitution of the United States. He is altering the balance of power in our democracy by denying Congress its proper role in governance, and causing the United States to act in contravention of international law.

Therefore, we call for the impeachment of President Bush.

- ▶ He lied to Congress and the American People to launch an illegal war of aggression which he justified with false and misleading statements.
- ▶ He set up a worldwide network of secret prisons, torture and assassinations; he violated the constitutional and international rights of citizens and non-citizens by arbitrarily detaining them indefinitely without due process, without charges, and with little access to counsel or courts
- ▶ He unleashed a massive unconstitutional wiretap and spying operation against the people of the United States.

City Councils and State Democratic Parties and more than 600,000 people have called for impeachment of President Bush. We urge you to add your voice via ImpeachBush.org or VoteToImpeach.org. Also, contact your Congressperson today, urging his or her support.

WHO WE ARE

Elders for Peace are seniors who are for peaceful resolution of international conflicts. We support the United Nations. We oppose the wars in Iraq and Afghanistan.

We work for peace by:

1. calling, writing and visiting our legislators.
2. bringing information to the public via leaflets, bus ads, letters to editors, holding public meetings, showing documentaries.
3. participating in demonstrations for peace.

We meet every Monday at Carol Woods Assembly Hall at 1:00pm for one hour, where we exchange information and decide on courses of action. Occasionally, we meet for an hour and a half to accommodate an invited speaker. Everyone is welcome to attend and participate.
