**Subject:** Columbia Place

Kumar,

Thank you for your information regarding the updates for parking at Columbia Place. At this time, there have been no formal discussions by the Board with the homeowners regarding any changes or new actions to be taken. As you know, the Board members have changed since this process originated and the different homeowners will always be changing as people move in and out of the neighborhood.

Because of the timing, I have not been able to discuss the updated information you provided with the other Board members. That being said, in order to provide you with a response by the required time for your report, please accept the following:

As President of the Board at Columbia Place, I would like to ask that no action be taken at this time by the town regarding parking at Columbia Place. Based on the updated information provided by the fire and police departments to the town, the continued regular monitoring of parking violations, and the recent conversations around this issue, I am confident that the homeowners and residents of Columbia Place can sufficiently continue with the parking restrictions as they currently exist.

Thank you for your assistance and please phone me with any questions.
