

<possible exchange programs between Chapel Hill and Guro District of Seoul>

1. Business exchange, trade show: support exhibition space
We encourage companies to conduct cross regional technology exchange, investment, marketing, and joint research activities.
2. Exchange visit of public officials. including city council members.
We encourage public officials to learn each city and do benchmarking about best practices of public administration.
3. We offer home stay programs for students or adults in both cities to help them understand culture of each city. We can name students as "Youth Ambassador" of each city.
4. Chapel Hill supports Guro District's organizing English education programs at University of North Carolina for students of Guro District. Parents and Guro District of Guro will bear expenses.
5. Guro of Seoul will dispatch a public official to Chapel Hill, learn each other
6. We offer cultural exchanges: street festival in Chapel Hill (October 8, Sun), Guro festival in Seoul, art performance, paintings, and sports.
7. We may create a park in both cities
8. We can share information about urban management between two cities:
newsletter published quarterly
