

**LEED CRITERIA**

**Initial required LEED documentation for applicant's seeking expedited processing:**

- a. Evidence that applicant's design team includes a registered member of the U.S Green Building Council;
- b. Evidence that the applicant has registered the project for LEED Silver certification; and
- c. Evidence that the project team has started to prepare documentation to satisfy LEED Silver certification prerequisite and credit submittal requirements.

**Continued required LEED documentation:**

That in order to maintain expedited processing status, the applicant shall submit evidence, during various stages of the Town's review process, documenting continued satisfactory progress towards achieving LEED Silver certification.
