Subject: The Library Board's recommendations on the Chapel Hill Public Art Contextual Plan

Date: November 14, 2006

The Library Board of Trustees listened to a Chapel Hill Public Arts Commission presentation about the draft Chapel Hill Public Art Contextual Plan at its regular meeting on October 9, 2006. The Board discussed the plan at its regular meeting on November 13, 2006. At the latter meeting, the Board adopted this resolution:

The Chapel Hill Public Library Board of Trustees supports a general policy to encourage public art in all construction in Chapel Hill. However, we do not support increasing the allocation from 1% to 2% because such an increase may compete with more fundamental needs. We also do not support regulatory status for the Chapel Hill Public Arts Commission.

The vote for the resolution was 8-0. Member Paul Jones was absent.

Thank you for your consideration of this recommendation and for your continuing support of the Chapel Hill Public Library.
