Chapel Hill, NC 514

Dear Mayor Foy:

This is to advise that in accordance with Article 1 of Chapter 136 of the North Carolina General Statutes, the Department of Transportation shall inform all municipalities and/or counties affected by a planned transportation project. It is also requested that each affected municipality or county submit, within 45 days, a written resolution expressing their views on the project.

In accordance with this statute, this is to notify you that the Department of Transportation is proposing to construct the following project in Chapel Hill:

Mill and resurface, replace the existing curb and gutter, and relocate the existing traffic signal and pedestrian crosswalk on NC 86 (Columbia Street) between SR 1010 (Franklin Street) and Cameron Avenue.

This project will enhance safety and provide more efficient traffic flow in this area.

I would appreciate your placing this on the agenda for the Town Council to review, and if approved, submitting a resolution back to this office.

If you have any questions, please do not hesitate to contact this office.

Sincerely,
