Dear Mr. Stancil:

Time Warner Cable has added 20 channels in the past year including ESPNU HD, Discovery Channel HD, MGM HD, CNN HD, BIO HD, Speed HD, Planet Green HD, Food Network HD, and HGTV HD just to name a few. Plus, more channels will be added soon. If you're a Road Runner customer, you can take advantage of our increased download speeds and surf the internet faster than ever before. Also, with Digital Phone service, there are three different calling plans to choose from.

To enable us to continue adding programming and making investments in new technology, we will make adjustments to monthly prices beginning with the customer's next billing statement. As required whenever our prices are adjusted, we have ensured that our new prices for regulated levels of service are in compliance with Federal Communication Commission rules. A complete chart of prices is listed below. In addition, if the customer is currently receiving a promotional discount, that discounted price will remain in effect until the end of the promotional period.
