ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Boards, Commissions, or Committees you have indicated.

I am interested in serving on the Town's Greenway Commission primarily because of the positive experience I have had in serving on the conceptual design committee for the Southern Community Park. I've enjoyed being part of an effort that I believe will greatly enhance the quality of life of Town residents. I think that the continued expansion and maintenance of the Town's Greenway program will also enhance residents' quality of life by providing additional recreational amenities as well as environmentally friendly transportation options.

I believe my experience as a developer (and in particular my experience in working with the Town staff on the Southern Village greenway) provides a good foundation for me in becoming a contributing member of the Greenways Commission.

I'd like to work with the City to encourage parks that balance athletic facilities, aesthetics, and the environment. We should strive to improve our cycling and pedestrian pathways and resources. As a new resident of Chapel Hill, hoping to live here for decades to come, I want to contribute to developing a beautiful, fun, and environmentally friendly city.

As a long time Chapel Hill resident, I want to contribute in to maintaining and improving the lives of all our citizens. I believe through the efficient use of our towns resources, we can continue to enjoy our town's natural character, while providing opportunities for employment and controlled growth.

I have always been an active parent in our school system, serving on the School Governance Committees of Glenwood Elementary and Culbreth Middle Schools. I have also served on the most recent school redistricting committee. My experience as a mediator and facilitator in business has given me the skills that the various town boards need to provide a positive impact on Chapel Hill's future.
