ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Boards, Commissions, or Committees you have indicated.

I feel that the future of Chapel Hill will be seriously impacted by UNC's development of the Hill tract. I would like to offer some input into decisions concerning development.

As a member of the University faculty, I'm interested in having some input into its development of outlying areas over the next few years. As a resident of Chapel Hill, I'm interested in helping the University develop a plan that causes as little disruption as possible to surrounding area.

I've not served on any Town boards or committees before, and I would be glad for the opportunity to learn better how these entities function.

Statement for Horace Williams Task Force Application
March 22, 2002

I believe that the development of the Horace Williams tract will have the single biggest impact on our town that we have ever seen. This satellite campus presents a great opportunity to continue the synergy that exists between the center of our town and the main UNC Campus.

As a lifelong Chapel Hill resident, a two-term Transportation Board Member and Chair, and a current Planning Board Member, I feel well qualified to represent the interests of the people of Chapel Hill. As a UNC alum and member of the Facilities and Space Committee of the Black Cultural Center Advisory Board in the mid-90's (working with administrators and architects to develop plans for the building which is now under construction), I also have a strong understanding of the University's functions and facilities.

I hope the Town Council will give me the opportunity to continue the good work begun by the "JJR" Master Plan (to which I was Transportation Board liaison) and incorporate the innovative compact design currently proposed by Ayers Saint Gross into a model campus, combining academics and community life. At this critical juncture, it is important to safeguard our future while proposing visionary changes to allow Town and University to grow together in a healthy and sustainable way.
