Kumar,

The Chandler's Green Homeowners' Association Board of Directors requests that the Town Council consider two options:

Traffic calming measures to be fully funded by the Town of Chapel Hill,

and

Traffic calming measures to be funded by 50/50 cost sharing between Town of Chapel Hill and the Chandler's Green Association.

During the workday today and tomorrow, I can be reached at 668 8643.

On Wednesday, I can be reached at 408 0305.

Darryl Zeldin mentioned that there will be a budget meeting and that you suggested that some of us might attend. He thought that was to be on Monday next week. Can you confirm this, with the date, time and location? Would it be all right if a large group of our neighbors were to attend?

Regards,

Joseph DeVeough-Geiss
