### Petitions and Requests

Mr. Gardner stated there were many persons present who would present petitions. He noted the most important matter the Council would consider was the budget. He asked that the Council be mindful of the economic conditions existing in the country. The town had an obligation to reduce its spending. He submitted a petition signed by several residents asking the council to delay approval of the budget until it could consider the strain of the increase on citizens. The second petition signed by residents, presented by Mr. Gardner, requested the Council to consider more carefully the proposed budget which would place a burden on the citizens of Chapel Hill.

The third petition requested the Council to continue deliberations on the budget until reduced.

Mr. George Coxhead submitted a petition signed by residents asking that adoption of the budget be delayed until the Council had reduced the amount of increase in the tax rate.

Resolution Submitting Request to General Assembly for Special Legislation to Authorize Increase in Vehicle Decal Fee

COUNCIL MEMBER SMITH MOVED, SECONDED BY COUNCIL MEMBER WALLACE, ADOPTION OF THE FOLLOWING RESOLUTION.

A RESOLUTION DIRECTING THE TOWN ATTORNEY TO DRAFT AN AMENDMENT TO N.C. GENERAL STATUTE 20-97

BE IT RESOLVED by the Council of the Town of Chapel Hill that the North Carolina General Assembly be requested to adopt an amendment to Section 20-97 of the North Carolina General Statutes, to provide that the Town of Chapel Hill be added to the list of towns and cities which may levy not more than five dollars (\$5.00) per year for a municipal license for resident motor vehicles.

BE IT FURTHER RESOLVED that the Town Attorney is hereby authorized and directed to prepared the proposed amendment for submission to the General Assembly.

This the 9th day of June, 1980.

Mayor Nassif asked if this would also give authorization to tax all vehciels which come into Chapel Hill. Mr. Shipman stated that this bill would give authorization to increase the decal fee, but the Council would have to enact an ordinance to increase the fee. They could discuss the details of collecting the fee after receiving the authorization. THE MOTION WAS CARRIED UNANIMOUSLY.

Mr. Denny informed that the local bill to amend the Charter in the matter of a Council resignation had been introduced. However, Mr. Cohen had raised a question about the requirement of appointment procedures for the Mayor. Mr. Denny had discussed the matter with our representative and suggested alternative language. The bill had been introduced with the alternative language.

COUNCIL MEMBER SMITH MOVED, SECONDED BY COUNCIL MEMBER HOWES, TO AMEND THE LANGUAGE OF THE BILL SUCH THAT THE LAST DATE FOR A RESIGNATION FROM THE COUNCIL OR MAYOR WHICH COULD BE FILLED BY ELECTION WOULD BE FORTY-FIVE DAYS BEFORE THE DATE OF THE GENERAL ELECTION.

Mr. Jack Stutts presented a petition from the residents around Clearwater Lake. (Council member Smith arrived). He believed the problems of vandalism, litter and security would increase with increased use. Parking facilities were not adequate and access was private. He asked that the town consider the large outlay of funds necessary for improvements and continuing maintenance should they buy the lake.

COUNCIL MEMBER HOWES MOVED, SECONDED BY COUNCIL MEMBER SMITH, TO RECEIVE THE PETITIONS. THE MOTION WAS CARRIED UNANIMOUSLY.

## Committee Report Re Clearwater lake

Council member Wallace reported that the committee had met twice to consider the many aspects of possible purchase of Clearwater lake. They did not want the purchase related to the budget for 1980-81. The committee did not perceive any sources of money readily available for the purchase. There were several issues relating to public health and safety, access, water quality. And, there was a divergence between the asking price of \$200,000 and appraisals of \$150,000. The committee did not feel able to make a recommendation at this time other than to ask the Council to inform the Y of the inability to determine whether or not they wanted to purchase the lake, and that the council would give an answer before September 8. Council member Wallace pointed out this would not prevent the Y from selling the property in the interim. COUNCIL MEMBER WALLACE MOVED, SECONDED BY COUNCIL MEMBER BOULTON, THAT THE REPORT BE ADOPTED AS A PROCEDURAL REPORT WITHOUT FURTHER REFERENCES TO THE MERITS, AND THAT THE COUNCIL INFORM THE Y OF A CONSENSUS TO GIVE AN ANSWER NO LATER THAN SEPTEMBER 8. This would be without prejudice toward the final decision.

Mayor Nassif stated that the purchase could not be divorced from the budget in future years. He agreed that it would be difficult to determine sources of money. However, the decision could be made now. Data had been presented by the Recreation Commission, the staff, the Planning Board and by residents. Mayor Nassif did not believe the lake suitable for the town which would grow to a population of 50,000. Only one portion of the lake was suitable for a beach. Parking would have to be enlarged which would cause pollution in the lake. There were many problems with owning the lake. High impact use of the lake would destroy its beauty. Delaying the decision would not give the Town much more information.

COUNCIL MEMBER KAWALEC MOVED, SECONDED BY COUNCIL MEMBER SMITH, THAT THE TOWN NOT PURCHASE CLEARWATER LAKE.

Council member Boulton stated the Committee asked to investigate the purchase of the lake had requested more time. She believed the council should give them this time. Members could still vote against the purchase at a later time.

Council member Howes supported the substitute motion. He commented the residents of the town had originally contributed to the purchase of the lake for the Y and would again be asked to pay for it. He agreed with Mayor Nassif that the lake would not lend itself to high density use. To maintain the lake at the level desired could be beyond the capability of the town. He urged the Y to seek alternatives for their financial problems.

Council member Straley opposed the substitute motion.

So many people had indicated their interest in the purchase, that the matter should be kept open. The investigative process of the committee should not be interrupted.

Council member Thorpe did not object to more debate on the matter; however, he was not interested in buying the lake. The Council was considering a  $\$.15\frac{1}{2}$  tax increase and the lake would cost more.

THE SUBSTITUTE MOTION FAILED BY A VOTE OF FIVE TO FOUR WITH COUNCIL MEMBERS HOWES, KAWALEC, SMITH AND MAYOR NASSIF SUPPORTING AND COUNCIL MEMBERS BOULTON, HERZENBERG, STRALEY, THORPE AND WALLACE OPPOSING. THE ORIGINAL MOTION WAS CARRIED BY A VOTE OF EIGHT TO TWO WITH COUNCIL MEMBERS BOULTON, HERZENBERG, HOWES, SMITH, STRALEY, THORPE AND WALLACE SUPPORTING AND COUNCIL MEMBERS KAWALEC AND MAYOR NASSIF OPPOSING. Council member Thorpe added that if the Y found a buyer, it should sell the property. Mayor Nassif requested Council member Wallace to send a letter to the Y expressing the intentions of the Council.

# Resolutions of Legislative Intent

Mayor Nassif asked that his proposed budget submitted to the Council at the worksession the week before be incorporated into the record.

The Manager's proposed budget had been introduced at the meeting of May 12, and reviewed by Council in the intervening weeks. The Manager had listed possible changes mentioned by Council during those weeks.

Council member Boulton suggested the travel for each council member be reduced from \$1500 to \$1000 as it had been in previous years, and that the funds for purchase of jogging suits for the fire department be eliminated.

Council agreed not to raise their salaries.

The construction of a door between the mayor's office and the Clerk's office was deleted.

COUNCIL MEMBER WALLACE MOVED, SECONDED BY COUNCIL MEMBER STRALEY, THAT THE SALARIES OF THE MANAGER, THE CLERK AND THE ATTORNEY BE INCREASED BY 10% WITH MERIT INCREASES TO BE DISCUSSED AT A LATER DATE. THE COUNCIL AGREED.

Funds for ACCESS were deleted.

Approximately \$43,000 for street resurfacing was added to the budget to be funded by increasing the price of automobile decals should authority be granted by the General Assembly. The bill for authorization would not be adopted if controversy arose.

The contract for \$1250 for APS was eliminated.

Council member Boulton suggested funds for the Botanical Gardens and the Art School be reduced to \$2300 and \$1500 respectively. Council member Straley thought the town should provide more for its citizens than basic services such as street resurfacing. He was not sure the street resurfacing was necessary and should be funded at the expense of other items such as the Botanical Gardens. Council member Howes agreed. Mayor Nassif agreed to change his vote on street resurfacing as he did not plan to vote for the budget. He stated he would not vote for a  $\$.15\frac{1}{2}$  increase in the tax rate. He added however that the street resurfacing costs would double in the next year.

Council member Kawalec noted that she had voted for the street resurfacing at every opportunity. She believed there was a great need in the town for street surfacing.

Council member Howes responded that streets would be repaired. The level of resurfacing would not be as high as desired by some. If the increase in decal fees was authorized, the Council could approve the street resurfacing later. He added that the Council had decided against street resurfacing funds in the worksession.

Council member Straley suggested deferring the street resurfacing issue until the automobile decal fee bill had been acted on.

Council member Thorpe commented that he had voted for street resurfacing funds in the worksession.

Council member Smith moved to delete funds for the Art School. There was no second. COUNCIL MEMBER WALLACE MOVED, SECONDED BY COUNCIL MEMBER STRALEY, TO APPROPRIATE \$3000 FOR THE ART SCHOOL. THE MOTION WAS CARRIED BY A VOTE OF SEVEN TO TWO WITH MAYOR NASSIF AND COUNCIL MEMBER SMITH OPPOSING. COUNCIL MEMBER WALLACE MOVED, SECONDED BY COUNCIL MEMBER HOWES, TO APPROPRIATE \$4306 FOR THE BOTANICAL GARDENS. THE MOTION WAS CARRIED BY A VOTE OF SEVEN TO TWO WITH MAYOR NASSIF AND COUNCIL MEMBER SMITH OPPOSING.

The Council next considered the Library Service. The Manager had submitted three alternatives regarding Sunday Service. The demand was such that there were morale and staffing problems. The Council would need to appropriate more funds to continue the current level of service.

Council member Smith was against reinstating the Sunday Service. Workers should have one day at home.

Mr. Savage stated that Chapel Hill's library had the highest use in the state, with 1/2 the cost to circulate a book. By cutting the Sunday service, the library would be cutting one of its special programs.

One of the alternatives included closing to the public on Friday while opening on Sunday. Mayor Nassif questioned the closing on Friday. Mr. Shipman explained that the library served more people on Sunday than on weekdays. Employees would be given time off on Friday for working on Sunday and the other staff would complete paperwork which could not be done at other times because of the workload.

Ms. Godschalk was opposed to cutting any services. She suggested that in a low economy, residents used the library more for entertainment.

Council member Smith stated the town could not meet all the needs of the people. Many residents could not afford an increase in tax rate.

Council member Howes suggested part-time employees might be another alternative.

Council member Wallace moved, seconded by Council member Straley, to appropriate \$22,944 for Sunday service at the library, including during the months of July and August. THE MOTION WAS CARRIED BY A VOTE OF SEVEN TO TWO WITH COUNCIL MEMBER BOULTON AND SMITH OPPOSING. The Council agreed with deletion of the jogging suits and reduction of their travel expenses.

With the change of Mayor Nassif's vote, the street resurfacing funds were deleted.

COUNCIL MEMBER WALLACE MOVED, SECONDED BY COUNCIL MEMBER THORPE, ADOPTION OF THE FOLLOWING RESOLUTION.

Ordinance Establishing a Position Classification and Pay Plan for Employees of the Town of Chapel Hill and Bonds of Officials for the Period July 1, 1980, through June 30, 1981

Mayor Nassif asked why the Transportation Supervisors were listed as "supervisors" if their position was under study to determine whether they

were in fact supervisors. Mr. Shipman explained that a study of all supervisory positions and their relationship to each other would be done. Mayor Nassif asked why this was not done for the budget. Mr. Shipman stated he had recommended these reclassifications so that employees might not be penalized by his inability to complete the study before the budget process. The reclassification would in most cases give the employee a 5% increase in salary.

Mayor Nassif asked for an explanation of the position of word processor. Mr. Shipman responded this was an employee who typed in the staff services division. It was different from Secretary II.

Council member Thorpe asked if the Council had not appointed a Deputy Town clerk. It had. He asked if the Council should not set the salary for this position as it did the Manager, Attorney and Clerk. Mr. Shipman stated it was under the personnel classification plan. Council member Thorpe suggested that as composition of the minutes involved much "word processing" the salary of the Deputy Clerk should be at least equal to that of a word processor. He thought the Council could set this salary. Mr. Denny responded that the Council set all salaries in approving the personnel ordinance and pay scale. He did not believe a designation of a deputy clerk removed the position from the pay classification as was the clerk. Council member Thorpe was aware of this but thought the Council should set this salary directly.

Council member Smith asked if the General Statutes gave the Council this authority. Mr. Denny said the statutes gave the Council the authority to appoint any town employee as Deputy Clerk but they did not employ this person as they did the attorney or clerk.

Council member Wallace stated Council member Thorpe's issue was that the deputy town clerk was not sufficiently high in the pay scale, with which he agreed. Mr. Denny said since there was only one such position, the Council could set this salary at any level.

Mr. Shipman stated the logical action would be for him to study the position for reclassification. The Council agreed.

COUNCIL MEMBER BOULTON MOVED, SECONDED BY COUNCIL MEMBER HERZENBERG, ADOPTION OF THE FOLLOWING ORDINANCE.
