

(17-1)
**SUMMARY OF BICYCLE AND PEDESTRIAN ATTACHMENT 17
ADVISORY BOARD ACTION**

Subject: Greenbridge - Application for Special Use Permit

Meeting Date: December 12, 2006

Recommendation: The Bicycle and Pedestrian Advisory Board recommends that the Council approve the application as set out in Resolution A of the Staff report except as follows:

Additional Stipulation "Parking deck entrances should be designed like a residential driveway type entrance.

Reason: So the design of the public space (sidewalks) reflects that pedestrians have priority over vehicles.

Comment to applicant: Please consider the development as a location for a Blue Urban Bike Hub contact Alison Carpenter at SURGE PO Box 1188 Chapel Hill, NC Phone 919- 960- 6886 surgenc@yahoo.com. Please consider including pedestrian and bicycle wayfinding signage giving distances to amenities. The Board believes that wayfinding signage would inform about the presence of facilities connecting amenities and therefore encourage people to use alternate modes.

Vote: 5 – 0.

Aye: Perri Morgan, Jed Dube, Dave Love, Brian Decker and Ray Magyar
