BRENDA KIRBY
Secretary of the University

May 22, 2007

Mayor Kevin C. Foy
Town of Chapel Hill
405 Martin Luther King Jr. Blvd.
Chapel Hill, NC 27514

Dear Mayor Foy:

Thank you for your letter of April 30, 2007. I realize our future use of the property at the corner of Wilson Court and West Cameron Avenue is of keen interest to the Town and the neighbors. At this time, however, the acquisition of the property is not complete, and the University does not anticipate obtaining it until sometime this summer.

After acquiring the property, we will want to explore potential uses with the community. We do not have any current plans for the property. Concerns, interests and suggestions from the neighbors are important data elements in our planning. Use of our community planning process for this property is critical to any development of the property.

Once we've acquired the property, we can begin these conversations with the community. I look forward to working collaboratively to identify potential uses of the property consistent with its location in the Cameron McCauley Historic District.

Sincerely,

|
James Moeser
