Subject: Estes Drive at Halifax Drive, Chapel Hill

Kumar,

This is in response to the request for crosswalks at Estes Drive and Halifax in Chapel Hill.

I looked at the site Friday, January 18, 2008 along with Robert Myers from your office. There are not existing pedestrian facilities on Halifax. There is a sidewalk along the north side of Estes Drive. We need to have sidewalks with the proper wheel chair ramps in place in order to place a crosswalk at this location.

We are not recommending crosswalks at this location at this time. If in the future the proper pedestrian facilities are added to Halifax, we will be glad to look into this again at that time.

If you have any questions, let me know.

Sincerely, Mark Aldridge, Transportation Engineer
