

TOWN OF CHAPEL HILL NEIGHBORHOOD CONSERVATION DISTRICT PROCESS
Phase One Petition Requesting a Neighborhood Conservation District Public Information Meeting

We, the undersigned, hereby request a Neighborhood Conservation District Public Information Meeting that will provide the following information:

- What is a Neighborhood Conservation District?
- How many Neighborhood Conservation Districts exist and what do they consist of?
- What can a Neighborhood Conservation District accomplish? What does a Neighborhood Conservation District *not* address?
- What is the process to create a Neighborhood Conservation District (Phase Two)?

We, the undersigned submit the following Statement of Justification (statement that describes the neighborhood and the reason for requesting a Neighborhood Conservation District Public Information Meeting):

The neighborhood consists of all land parcels with street addresses on Burlage Circle, Meadowbrook Drive and Hoot Owl Lane. The neighborhood can be characterized as consisting of single-family houses (some with apartments for renters) none of which occupies more than a reasonable portion of the lot on which it sits. The reason for requesting the meeting is that several residents in the neighborhood have become concerned about protecting it from changes in its character, and want to learn to whether a neighborhood conservation district could achieve that object.

**Co-owners of a property (including husband and wife) must both sign the petition*
**Corporations must provide proof of authorization for a signature from the Board of Directors*

Property (Co)Owner Name (Print)	Signature	Date Signed	Address of Property Owned
