Dear Mayor Kevin Foy,

I moved to Chapel Hill when I was seven years old and I have loved this town ever since I got here. Now I am in 6<sup>th</sup> grade and would like to inform you that one of the intersections close to my house is unsafe. It is where Mount Carmel Church Rd. and Bennett Rd. meet. There have been many car accidents at this intersection. Cars have been totaled or damaged, and people have been hurt.

Accidents occur because cars speed along Mount Carmel Church Rd. and collide with vehicles turning off of Bennett Rd. A blind curve leads into this intersection. These accidents occur the most around rush hour times, particularly in the morning, because parents are rushing to get their kids to school. There is no stoplight to tell them to stop. I think that putting a stoplight at this intersection would help make the community a safer place to live and make driving around Chapel Hill much less stressful for the average citizen or the kid going to school.

Thank you from considering my opinion on current Chapel Hill safety matters.

Your Citizen and Future Voter,

Rebecca Sullenger
