Subject: Proposed site of homeless shelter near Homestead Park

Dear Mayor and Council Members:

We are residents of the Northwoods subdivision in Chapel Hill. We are writing to express our concern about the possibility of locating the homeless men's shelter on Homestead Road, near Homestead park. You have recently received correspondence from Marc Joseph and Tina CoyneSmith that details many issues with the proposed site. We are in total agreement with the issues brought up in those letters, and request that the Town find a more suitable location for this shelter.

Sincerely,

Charles and Ava Walters
