

**TOWN OF CHAPEL HILL NEIGHBORHOOD CONSERVATION DISTRICT PROCESS  
Phase Two Petition Requesting to Begin the Formal Process to Create a Neighborhood Conservation Zoning Overlay District**

We, the undersigned, hereby request to begin the formal process to create a Neighborhood Conservation Zoning Overlay District. We understand that the process may ultimately result in a decision by the Town Council regarding the rezoning of the neighborhood.

We, the undersigned, submit the following Statement of Justification (statement that describes the neighborhood and the reason for requesting a Neighborhood Conservation Zoning Overlay District):

"Phase 1 of the NCD process for Glen Lennox Neighborhood consisted of a Public Information Meeting and a Facilitated Informational Meeting and Forum. A record number of interested and supportive neighbors, apartment residents and other interested parties participated in Phase 1. The Glen Lennox Neighborhood is bounded on the east by Rogerson Drive, on the north by Cleland Road, on the west by Hayes Road and Fordham Boulevard, and on the south by NC 54 (Raleigh Road). The Glen Lennox Neighborhood remains, after 60 years, a cohesive, connected, culturally diverse area that is steeped in history. It is an iconic, integral part of Chapel Hill. The values that attract and sustain us as a unique Chapel Hill neighborhood, however, are being challenged. We seek to form a Neighborhood Conservation District (NCD), in partnership with each other and the Town of Chapel Hill, to preserve our rich character. We are aware of a larger pattern of high density and incompatible development in Chapel Hill that threatens to destabilize and destroy this very special Chapel Hill neighborhood."

\* Co-owners of a property (including husband and wife) must both sign the petition

\* Corporations must provide proof of authorization for a signature from the Board of Directors
