ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Boards, Commissions, or Committees you have indicated.

I am an undergraduate student at UNC. I study public policy, with a focus on environmental policy. Studying and advocating for a clean energy future in the Southeast has been the principal objective of my time in college. I have worked as a community organizer in Kentucky against destructive coal mining. I spent time in Raleigh with Bill Holman, former DEWTS Secretary, to lobby for NC's renewable energy portfolio bill. I later published an op-ed in the "Charlotte Observer" encouraging State lawmakers to pass the bill, which they ultimately did. I wish to serve on the Sustainability Committee to help promote the transition to a low-carbon, smart-growth community here in Chapel Hill. I have been involved with sustainability efforts on campus and would love to broaden my impact by serving on the Chapel Hill committee. I intend to stay in Chapel Hill after graduating.

While living in Fayetteville, I was a charter member of the board of directors of Sustainable Sandhills, a six-county coalition, in conjunction with Fort Bragg, joined to bring sustainability measures to the towns and counties of the area. I consider myself a strong environmental proponent and try to live a 'green' life.
