Phil,

Thank you for the note.

I am trying to rearrange my schedule to attend the meeting.

One comment:

I appreciate that the current wording is not consistent with the existing shelters, but I think there needs to be some kind of caveat re: occupancy determined by the Town Council or perhaps the Fire Marshall.

".... temporary occupancy of homeless persons (maximum occupancy to be determined by Town Council or Fire Marshall), with on-site supervision...."

Just a thought.

Also, could you update your distribution list with my home email: timothyakuhn@bellsouth.net

Thanks again,
