

December 8, 2009

Dear Mayor Kleinschmidt and Members of the Chapel Hill Town Council,

We would like you to be aware that many of us here in Chapel Hill believe that Matt Pohlman would make an excellent choice for the open Council seat vacated by Bill Strom. In this package, we are presenting copies of e-mail messages from 150 Chapel Hill residents and business owners showing support for the appointment of Matt Pohlman to this position and expressing the reasons we think he would be the best person to fill the job. We thank you for taking the time to review and consider these opinions.

Respectfully Yours,  
150 Chapel Hill Citizens

**For the critically important Council decision on the Strom replacement, please count me as a Chapel Hill citizen favoring appointment of the fifth highest vote getter for the following reasons:**

An election campaign is an arduous process that involves a huge commitment of time and effort from the candidates and their families. Enduring the rigors of a political campaign is an excellent indicator that the candidate has the qualities necessary to give it their all for the Town's citizens. Not only have they demonstrated a genuine interest in serving the Community, but they also gain an invaluable education during the process, having reviewed and discussed all the important issues directly with the community. In this recent past election, the Town's voters sent a clear signal of who they'd like to see sitting on the council, since the fifth place candidate received almost as many votes as the fourth place winning candidate.

We ask members of the Town Council to respect the wishes of the voters and select Matt Pohlman to fill the vacancy. He is someone who will strive as a Council member to consider the views of all of our citizens.

Thank you. Carol Stamm

I support Matt Polman to replace the vacancy on the Town Council. Every candidate has a reason they believe that makes them qualified, but Matt has the best reason, and the most obvious one which does not need to be restated here.

**For the critically important Council decision on the Strom replacement, please count me as a Chapel Hill citizen favoring appointment of the fifth highest vote getter for the following reasons:**

An election campaign is an arduous process that involves a huge commitment of time and effort from the candidates and their families. Enduring the rigors of a political campaign is an excellent indicator that the candidate has the qualities necessary to give it their all for the Town's citizens. Not only have they demonstrated a genuine interest in serving the Community, but they also gain an invaluable education during the process, having reviewed and discussed all the important issues directly with the community. In this recent past election, the Town's voters sent a clear signal of who they'd like to see sitting on the council, since the fifth place candidate received almost as many votes as the fourth place winning candidate.

We ask members of the Town Council to respect the wishes of the voters and select Matt Pohlman to fill the vacancy. He is someone who will strive as a Council member to consider the views of all of our citizens.

Thank you.

As much as we would like diversity in our elected bodies. It is a dangerous precedent for democracy to not listen to voter feed-back when that feed-back is available. Matt Pohlman went through the entire election process and was supported by a large number of voters. He should have the open seat on the council.

\*Dear Sirs,

\*After the election, I - a registered Democrat - say the same thing I said before: the only reasonable way to fill the vacant seat is to appoint the fifth highest vote-getter, unless that person receives an extremely low number of votes in the election. So I am sending you this, which was forwarded to me and with which I certainly agree.

(And shame on Strom - unless he had some extreme personal and unavoidable reasons for resigning at that time. And if he has, he should explain himself further to the voters who are disgusted with him And shame on the Council, for wanting their own say over the voters'.)\*

Enduring the rigors of a political campaign is an excellent indicator that the candidate has the qualities necessary to give it their all for the Town's citizens. Not only have they demonstrated a genuine interest in serving the Community, but they also gain an invaluable education during the process, having reviewed and discussed all the important issues directly with the community. In this recent past election, the Town's voters sent a clear signal of who they'd like to see sitting on the council, since the fifth place candidate received almost as many votes as the fourth place winning candidate.

We ask members of the Town Council to respect the wishes of the voters and select Matt Pohlman to fill the vacancy. He is someone who will strive as a Council member to consider the views of all of our citizens.

Thank you.

**Subject:** Filling Strom's Council Seat

**Date:** Wed, Nov 18, 2009 8:02 am

**For the critically important Council decision on the Strom replacement, please count me as a Chapel Hill citizen favoring appointment of the fifth highest vote getter for the following reasons:**

An election campaign is an arduous process that involves a huge commitment of time and effort from the candidates and their families. Enduring the rigors of a political campaign is an excellent indicator that the candidate has the qualities necessary to give it their all for the Town's citizens. Not only have they demonstrated a genuine interest in serving the Community, but they also gain an invaluable education during the process, having reviewed and discussed all the important issues directly with the community. In this recent past election, the Town's voters sent a clear signal of who they'd like to see sitting on the council, since the fifth place candidate received almost as many votes as the fourth place winning candidate.

We ask members of the Town Council to respect the wishes of the voters and select Matt Pohlman to fill the vacancy. He is someone who will strive as a Council member to consider the views of all of our citizens.

Thank you.

**Subject:** RE: Filling Strom's Council Seat

**Date:** Tue, Nov 17, 2009 4:53 pm

**For the critically important Council decision on the Strom replacement, please count me as a Chapel Hill citizen favoring appointment of the fifth highest vote getter for the following reasons:**

An election campaign is an arduous process that involves a huge commitment of time and effort from the candidates and their families. Enduring the rigors of a political campaign is an excellent indicator that the candidate has the qualities necessary to give it their all for the Town's citizens. Not only have they demonstrated a genuine interest in serving the Community, but they also gain an invaluable education during the process, having reviewed and discussed all the important issues directly with the community. In this recent past election, the Town's voters sent a clear signal of who they'd like to see sitting on the council, since the fifth place candidate received almost as many votes as the fourth place winning candidate.

We ask members of the Town Council to respect the wishes of the voters and select Matt Pohlman to fill the vacancy. He is someone who will strive as a Council member to consider the views of all of our citizens.

Thank you.

Not only have they demonstrated a genuine interest in serving the Community, but they also gain an invaluable education during the process, having reviewed and discussed all the important issues directly with the community. In this recent past election, the Town's voters sent a clear signal of who they'd like to see sitting on the council, since the fifth place candidate received almost as many votes as the fourth place winning candidate.

We ask members of the Town Council to respect the wishes of the voters and select Matt Pohlman to fill the vacancy. He is someone who will strive as a Council member to consider the views of all of our citizens.

Thank you.

**For the critically important Council decision on the Strom replacement, please count me as a Chapel Hill citizen favoring appointment of the fifth highest vote getter for the following reasons:**

An election campaign is an arduous process that involves a huge commitment of time and effort from the candidates and their families. Enduring the rigors of a political campaign is an excellent indicator that the candidate has the qualities necessary to give it their all for the Town's citizens. Not only have they demonstrated a genuine interest in serving the Community, but they also gain an invaluable education during the process, having reviewed and discussed all the important issues directly with the community. In this recent past election, the Town's voters sent a clear signal of who they'd like to see sitting on the council, since the fifth place candidate received almost as many votes as the fourth place winning candidate.

We ask members of the Town Council to respect the wishes of the voters and select Matt Pohlman to fill the vacancy. He among all the applicants is the one the greatest number of Chapel Hill citizens voted for.

Thank you.

To whom it may concern:

For the critically important Council decision on the replacement of Bill Strom, please count me as a Chapel Hill citizen favoring appointment of the fifth highest vote getter: Matt Pohlman.

I need not remind the Council that an election campaign is an arduous process, involving a huge commitment on the parts of the candidates and their families. Voluntarily choosing to endure the rigors of a political campaign is an excellent indicator that the candidate has the qualities necessary to give it their all for the Town's citizens. Not only has Matt Pohlman demonstrated a genuine interest in serving the Community, but surely he also gain an invaluable education during the process. I know that Mr. Pohlman was personally involved in the electoral process, reviewing important local issues and discussing them directly with members of the community.

In the election on November 3rd, the Town's voters strongly indicated their preference for Matt Pohlman; Mr. Pohlman's tally of votes was almost as high as the tally for the fourth place winning candidate.

I would ask members of the Town Council to respect the wishes of the voters and select Matt Pohlman to fill the vacancy. Mr. Pohlman is someone who will excel as a Council member and who will admirably represent the views of all of our citizens.

Kind regards,  
Andy Esser
