ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

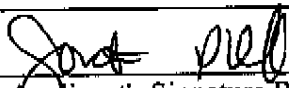

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest, which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement (limited to 500 words) outlining why you wish to serve on the Sustainable Community Visioning Task Force. Include any information you believe the Council needs to know to evaluate your application.

I believe that business needs to be better represented.

I have served on the Personnel Appeals Committee in the past, I then continued work as a consultant for 4 1/2 yrs.

I also had health problems and now feel fully recovered and wish to volunteer. I enjoy "giving back to my community" and consider it a pleasure to do so.

Having served at several management levels in IBM, I eventually went thru Division HQ and retired from IBM Group HQ.

My request favors the Transportation Board because in 2009 I lost some vision that continues now. I do have some vision but do not drive, I use E-Z Rider and CH TRANS services and rely heavily on it. Therefore, being active, I feel I could contribute significantly.

I would like to be considered for service to the OWASA Board of Directors, Chapel Hill seat. I have enjoyed the benefits of being part of this community for 12 years and would like to give back by serving the OWASA Board.

I feel that sustaining healthy + reliable water resources is, perhaps, the most important challenge that our communities and all communities are facing. We are fortunate to have a well-run and forward thinking water and sewer authority. I hope my efforts will help continue that tradition.

I think I'll bring good judgement, dependability, and technical capability to the OWASA Board. I have a technical background, do my homework, and keep an open mind in discussions. I have experience in working as part of a board through volunteer work with the PTSA, a swimming pool board of directors, and in various church activities. Thank you for your consideration

As we continue to grow through development and re-development, we need to protect our watershed, RCD's and vulnerable floodplain areas. I'm interested in working to ensure that effective guidelines are in the Development Ordinance and that oversight mechanisms are in place. I have served on the Planning Board, Board of Adjustment, 2000 Comprehensive Plan Work Group, Community Land Trust (now Home Trust) and currently Sustainable Community Visioning Task Force. I have the experience, dedication and confidence that I will be an asset for this advisory board.

I have been a member of the community for eighteen years and raised a family here as well.

I am particularly interested in local transportation issues and follow them closely. I feel I would be an invaluable addition to the transportation board.

I also feel I could make a valuable contribution to the Arts Comm. Since I have been an artist & businessman for over thirty years. I am currently a screenwriter and own my own video production company.
