

SUMMARY OF HISTORIC DISTRICT COMMISSION ACTION

Subject: 2004-19 Capital Improvements Program

Meeting Date: January 8, 2004

Recommendations: The Commission makes the following comments regarding the Capital Improvements Program:

Infrastructure:

- Continuing maintenance of Chapel Hill gravel and upgrading of sidewalks in the Historic Districts;
- Continuing neighborhood needs for curb and gutter;
- Improve pedestrian level lighting which would be compatible with the character of the historic districts ;
- Investigate underground utilities;
- Installation of historic district street signs. Recommend using sign poles congruous with the Historic District;
- Installation of historic district identification signs on materials more congruous with the Historic District;
- Maintain funding for mediation for property owners seeking demolition in historic districts;
- Continued work on the Chapel Hill Cemetery. The Commission appreciates the university's assistance with the restoration of the cemetery walls and for their financial support for future work.

Town Facilities:

- Continued support of the on-going maintenance of the Chapel Hill Museum and for future Post Office repairs.

Communications & Technology:

- Develop website for Historic District Commission that will include current applications.

Vote: 10 – 0
