Dear Mr. Neppalli:

In 2002 we requested a handicapped parking spot in front of 213 Columbia Place West. It was approved and installed. Thank you so much for all your help.

The handicapped individual that lived at 213 has now moved out. The owner of that home is requesting that the reserved parking be removed. Given that parking in that area is so scarce we strongly support the request to remove the handicapped parking. We will gladly petition the town or whatever is required in this process. Just let us know. Thanks.

Sincerely,

Joel Duvall
