

To the Chapel Hill Town Council:

We, residents of the Cedar Hills neighborhood, request that the Town of Chapel Hill implement traffic-calming measures on our streets (Cedar Hills Drive, Silo Drive, and Cedar Hills Circle). Our neighborhood is overused as a "cut-through" from Airport Road via Piney Mountain Road to Weaver Dairy Road. This problem will be aggravated by the development of the Horace Williams tract since Piney Mountain/Cedar Hills will be an attractive "cut-through" for vehicles traveling back and forth from there to the northeastern side of Chapel Hill.

People currently drive on our roads well above the posted speed limit of 25 MPH, thus posing serious danger to pedestrians and school children. Students cutting through our neighborhood to get to East Chapel Hill High School are particularly problematic.

Once or twice a year the Chapel Hill Police Department assigns an officer to attempt to catch speeders and stop-sign runners in our neighborhood. We appreciate their effort. However, we believe that traffic calming measures will provide a more effective, longer-term solution to the problem of speeding and reckless driving through our neighborhood.

Name	Address
Mia Burroughs	110 Cedar Hills Drive
Lisa Everett	18 Wysteria Way
Charlotte Pearce	36 Cedar Hills Circle
Claudia Prose	123 Cedar Hills Circle
Karen Vanderwall	114 Cedar Hills Drive
