

MEMORANDUM

ATTACHMENT 5

TO: Mayor and Town Council

FROM: Greenways Commission
Peter Calingaert, Chair *PC*

SUBJECT: NC 86/Airport Road Bicycle and Pedestrian Study

DATE: October 27, 2004

The Commission voted unanimously (6-0) to recommend that the Council adopt the Report and do what it can to implement the recommendations of the report as it relates to pedestrian and bicycle access to the Bolin Creek Trail.

The Commission is especially interested in making sure that an underpass of Airport Road is a high priority during design of Phase 3 of the Bolin Creek Trail. We believe that an underpass is vital if the trail is to provide for safe and efficient pedestrian and bicycle transportation including safe access from both sides of Airport Road.

Voting yes were: Peter Calingaert (Chair), Bill Bracey (Vice Chair), Sarah Bergmann, Mary Ann Freedman, Glenn Parks, and Robert Verboon
