Library Board of Trustees

Subject: Proposed agreement with Siena Hotel about Pritchard Park

Date: November 3, 2004

---

The Library Board of Trustees reviewed the proposed agreement between the Town and Siena Hotel about use of Pritchard Park at its September and October meetings.

In general, we agree with the proposal.

We do have two comments:

1. The draft plan shows car access on the north side of Estes, just west of Franklin Street and before Library Drive. We are concerned that this will create significant traffic difficulties.
2. There is mention of Town funds for art for the Art Garden. We cautiously support that, but we do not support any use of Library expansion funds for this purpose.

Thank you for the opportunity to comment.
