Re: Bus stop trash

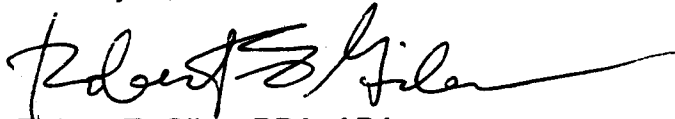

Dear Mayor Foy:

Riding the bus for free is great and shows great planning and foresight. Picking up trash behind them is not great.

We would like some help from you.

Currently my homeowners association has been exercising our sense of community by picking up all the trash from this bus stop that blows all across our property. We would like to have a trash can installed at the covered bus stop on Ephesus Church Road that is midway of the frontage of Hamlin Park Condominiums across from The Red Cross and Colony Apartments just like other high volume stops..

Thank you,

Robert E. Giles, BBA, ABA
