RE: Family House at UNC Hospitals  
Old Mason Farm Road, Chapel Hill, NC

Dear Mr. Horton and Council Members:

This letter is to request an expedited review of the SUP application submittal for Family House at UNC Hospitals.

Family House will provide affordable, comfortable accommodations for adult patient's families who must travel far distances to remain nearby a loved one throughout treatment for a life-threatening illness or injury. A facility like this is needed as soon as possible, as many families are currently sleeping in their cars or on a waiting room floor because they cannot afford the cost of a hotel for weeks at a time. Each milestone we achieve in the Special Use Permit process will also strengthen our ability to raise funds for this much-needed facility.

Thank you for your consideration of this request for an expedited review.

Sincerely,

Michael Maxwell  
President of the Board  
Family House at UNC Hospitals

*someone's always home*
