Subject: Posted speed on Weaver Dairy Road Extension

I would like to complain about the 25 mile per hour speed limit that is posted on Weaver Dairy Road. The new extension from Airport Rd. that ends on Homestead Road has no driveways on either side of the road. There are wide grassy areas on both sides of the road. There are tall fences beyond the grassy areas and very little traffic. The old section of Weaver Dairy has driveways and is much narrower and is posted at 35 miles per hour. I suggest that the new section be posted at a more reasonable speed or 35 to 45 miles per hour. Thank you for your attention. Pat Muir
