

June 14, 2005

Philip Hervey
Senior Long Range Planner
Town of Chapel Hill Planning Department
405 Martin Luther King Jr. Blvd.
Chapel Hill, NC 27514

Dear Mr. Hervey,

The purpose of this letter is to let you know that the Town of Chapel Hill's Million Solar Roofs Committee is scheduled to receive a grant of \$5,000 to assist with the group's 2005 – 2006 solar outreach and education activities. This funding is part of a NC Million Solar Roofs Small Grants program that is funded by the State Energy Office and managed by the NC Solar Center.

As you know, earlier this year, the NC Solar Center sent out a RFP to the NC Million Solar Roofs Communities to submit proposals for solar outreach programs and projects. The Town of Chapel Hill's Million Solar Roofs Committee submitted a proposal for \$5,000, and this proposal was accepted.

The State Energy Office plans to issue a contract to the NC Solar Center, NCSU to provide funding for this grant some time after the first of July 2005. Once the contract is put in place, a subcontract will be issued to the Town of Chapel Hill.

I look forward to working with the Town of Chapel Hill's Million Solar Roofs Committee during 2005 – 2006.

Please contact me with any questions.

Sincerely,

Valerie S. Everett
NC Million Solar Roofs Program Manager
NC Solar Center
