Re: Inactive Hazardous Waste Sites Priority List
University of NC/Old Sanitary Landfill
Chapel Hill, Orange County

Dear Mr. Willoit:

The site listed above has been included on the November 1998 Inactive Hazardous Waste Sites Priority List (Priority List) in accordance with North Carolina General Statutes Section 130A-310.2. The Priority List is a list of sites where uncontrolled disposal, spills, or releases of hazardous substances have been identified. A special priority system (North Carolina Administrative Code Title 15A Subchapter 13C Section 0.200) is used to rank the sites on this list in decreasing order of danger to public health and the environment.

This letter is being sent to you to fulfill our statutory duty to notify those who own and those who at present are known to be responsible for each site on the Priority List. A copy of the Priority List with each site's rank appearing in the left-hand column is attached (sites are listed in order of highest to lowest priority). Please note this letter is simply a notice of the site's inclusion on the priority list and is not an order to conduct any work.

If a responsible party or owner wishes to voluntarily perform site cleanup, that party must enter into an agreement with the Branch to ensure Branch approval. You should not proceed with remedial actions independently. Each voluntary remedial action will be overseen by Branch staff or, at the discretion of the Branch, by approved environmental consultants.

Those who are interested in reviewing the Superfund Section's files on any of these sites may contact Scott Ross at (919) 733-2801, ext. 328, to schedule an appointment. If you are interested in conducting a voluntary cleanup of your site, or if you have any questions, you may contact me at (919) 733-2801, ext. 284.

Sincerely,

Charlotte V. Jesneck, Head
Inactive Hazardous Site Branch
Superfund Section
