Chapel Hill, NC

Dear Ladies & Gentlemen,

MMS,  
orig to  
Clerk [signature]

This letter is a plea to ask you to allow myself & several other residents of the Brookstone apt. Community in Chapel Hill to make a presentation to you at your meeting on Oct. 7, 2002.

Our community is filled with families, children, elderly, students, and a great diversity of people. We share a common enjoyment of each other and our beautiful and peaceful environment. We are concerned about the Chapel Ridge apt. complex being built behind our community. We plead to you to allow us to briefly address a few issues at your October 7, meeting. Hopefully, after this introduction, we can work together with you in researching a way for these two communities to blend together in a positive manner.

Thank you very much,

Respectfully Yours
