RE: TRAFFIC FLOW CHANGE ON BATTLE LANE

Dear Resident:

In response to a request from a local resident, the Town is interested in your opinion regarding traffic flow conditions on Battle Lane. The segment of Battle Lane between Franklin Street and Senlac Road is narrow, which constricts two-way traffic flow. It has been suggested that restricting traffic flow on Battle Lane to one-way from Franklin Street to Boundary Street could improve traffic conditions on Battle Lane and at the Franklin Street/Battle Lane intersection. Please see the attached map. We are interested in knowing your opinion about implementing regulations restricting traffic flow on Battle Lane to one-way south-bound.

Please fill out the survey below and return it to us in the attached envelope by October 11, 2002.

- _____ **Yes, I support the proposed one-way traffic flow regulation.**
- _____ **No, I do not support the proposed one-way traffic flow regulation.**
- _____ **No preference.**

ADDITIONAL COMMENTS: _____

If you have any further questions concerning this matter, please contact me at 968-2833.

Thank you for your attention.

Name & Address (Optional)

Sincerely,

Kumar Neppalli, E.I.T
Traffic Engineer
