

October 20, 2002

To the Mayor and members of the Town Council:

We, the residents of Brookstone (2701 Homestead Road), are deeply concerned about plans to use Brookstone Drive as the point of access to Chapel Ridge. We request that Brookstone Drive be used for emergency access *only*. Although we welcome new residents into the neighborhood, we feel that the present plan would adversely affect the quality of life for everyone involved. We value Brookstone as a unique community, and we are afraid to lose the safe, quiet environment to which we have become accustomed. In addition, we are apprehensive about the inevitable negative impact on traffic flow and parking access.

We are asking that the town council reconsider the current plan and develop a plan that is fair to all communities involved.
