

AGENDA ##3a(11)

PETITION

January 3, 2002

710 E. Rosemary Street
Chapel Hill, NC 27514

The Honorable Mayor Foy and Town Council

Town of Chapel Hill
306 North Columbia Street
Chapel Hill, NC 27514

Dear Mayor Foy,

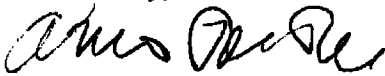

I'm from Chapel Hill. I've grown up here, gone to public school and the University. My Grandmother and parents live here and I would like to be able to live near my family allowing them to remain in their home as they age. I'm not a developer.

The Planning Department advises that to divide my family's Rosemary Street property into two parcels strictly for family use, it is necessary to propose a major subdivision plan. The property in petition was one of five parcels subdivided in 1965.

I request that your office review fees levied for land subdivision and consider waiving these fees for this family project. This case is unique because the subdivision is not for resale or profit and only for family residential use.

My family hopes that the town will take in to account in considering a fee waiver and expediting of the proposed plan.

Sincerely,

Anne Perl de Pal
