Dear ~~Chancellor Moeser~~: *James*

At its regular business meeting on December 12, the Chapel Hill Town Council received the attached status report about waste disposal sites on the Horace Williams property.

Following discussion, the Council requested that I communicate with you again to ask that the University determine a definite schedule for necessary clean-up and remediation of the sites. The Council also would appreciate having better information regarding potential funding sources available to the University to pay for remediation work, including the potential for use of endowment funds.

I will appreciate your providing the information requested by the Council.

Sincerely,

Kevin C. Foy
Mayor
