

MEMORANDUM

TO: Mayor and Town Council
FROM: Technology Committee
SUBJECT: Committee Membership Recommendation
DATE: June 17, 2003

We recommend the following appointments to the Technology Committee: Terrelle Buckner and Doug Noell (Reappointment).

Mr. Noell's reappointment is recommended because his knowledge of information technology utilized in the Chapel Hill schools will be of great value to the committee as data and communications systems for the Town Operation Center are planned and reviewed in the coming year.

The Committee will continue to seek applicants to fill additional vacancies.
