The unfinished business from last meeting was taken up. Viz: The revision of the Town Ordinances. After a pretty thorough overhauling the old and substituting new ordinances the work was finished & upon motion a proof-sheet was ordered to be made & presented to the Board and to an Attorney for inspection and finally to be presented before the Board for ratification. A motion to pay our late Mayor whatever amt was found due, after Taxes & fees were deducted, for six Months service brought out the fact that no Mayors Docket has been found, Consequently the Board could not act advisedly and a Committee consisting of N. A. Patterson, Thos F. Lloyd and the Secretary was appointed to make an investigation and learn whether a Docket was kept & if so present it before the Board before a Settlement of the Account. Nothing further appearing a motion to adjourn prevailed
