Chapel Hill N.C.
March 1900

Called meeting of the Board of Aldermen, Chapel Hill N.C. Present: Alderman Ward, Pickard, Kluttz and Holmes; Mayor Barbee presiding. Alderman Holmes was elected temporary secretary. Report from the street committee. The street committee presented a special report and recommended the purchase of such outfit as may be needed to put the rock chusher and engine in repair for macadamizing of the streets -- as may be practicable from time to time.
The cost of the articles needed in immediate repairs to the engine and crusher are estimated to cost fifty-eight dollars and fifty-nine cents ($58.59), and the timbers for the foundation for the engine and crusher will cost nine dollars ($9.00)
The Township Board of Road Commissioners having agreed to pay half the cost of these timbers ($4.50), and it having been reported that the Township Board would probably be willing to pay half the cost of the materials to be used in the repairs to the engine and crusher the street committee of the town recommended that the town of Chapel Hill pay for half the cost of timbers and half the cost of the materials to be used in the repairs to the engine and crusher as estimated above, - amounting to $29.29 plus $4.50, or $33.79. Moved and the Board so order that the report and recommendations of the street committee be received and adopted
