Ordinance

The following ordinance offered at the February Meeting of the Board, was, after due consideration, adopted at this the March Meeting, to-wit:

Sewers. (a)

(a) No person shall construct any drain or sewer from his cellar or lot to any common sewer, without permission in writing from the Street Committee; and any such drain or sewer shall be constructed under the direction of the Street Committee, and in such a manner that the foul air cannot escape from the sewer into the building.
All connections with public sewers shall be made of vitrified or cement pipe or of masonary, and shall be made under the direction of the Street Committee, and that said pipes shall be tested for leakage before they are covered.
Any person who shall construct any drain or sewer, or make any connection contrary to the provisions of this section shall be fined twenty five dollars.
(b) No plumber, corporation or person either in person or by servant, shall

feet down any water pipe, sewer pipe, or other piping in the street or side walks of the town whose upper surface shall be within thirty inches of the profile said street or side-walk.

Any person violating this sub-section shall be fined ten dollars; Provided, the Street Committee shall, upon application, indicate to said person desiring to lay pipe in street, the depth required to place pipe below said surface.

(c) Any plumber, Corporation or person who disoranges any street or side-walk of the town, either in person or by servant in putting in water, sewer or other piping shall replace said street or side-walk in as good condition, at least, or if worse prior to said disarrangement. Upon his failure to do so for two days after Notice so to do by the Street Committee, or any Member thereof, he shall be fined Ten Dollars for each day thereafter that the said street or side-walk remains unrepaired.
