Chapel Hill N.C.
June 24-09

The board met at the Mayor's office at 8:30 P.M. in Call Session Mayor Borden presiding. All the board were present, except M. McCauley.

Dr. Hurley said that he had conferred with the University authorities in regard to the water supply and reported that they were going to make some improvements this summer.

On Motion of Dr. Hurley, it was ordered that 300 feet of good fire hose be bought for the town

The following resolution offered by Mr. Hardy, was adopted:
Whereas, Profs. W.D. Toy and J.C. Graham have petitioned the Board of Aldermen for permission to place on their respective premises septic tanks for the disposal of sewage and whereas, this system of sewage disposal is endorsed by the State Board of Health and by all of the City Physicians of Chapel Hill.
Resolved that these petitions be granted, provided, first that these septic tanks be constructed under the plans approved by the State Board of Health and under the supervision of a competent sanitary engineer, approved by the Board of Health of Chapel Hill.
Second, that an annual report by a sanitary engineer approved by the Board of Chapel Hill be made to the Board concerning the condition of these septic tanks, the expense of such inspection be paid by the users of the tanks.
The board then adjourned.
