

Be It Ordained by the Board of Aldermen of the Town of Chapel Hill.

Section 1. That the report of Alderman G.M.Braune is hereby accepted and approved,

Section 2. That Mr. Braune as a committee of one is hereby requested to purchase some surveying instruments through his department of the University.

The Board of Aldermen of the Town of Chapel Hill adjourned at 10:30 P.M.

W.S.Roberson, Mayor

E.M. Knox Clerk

May 7, 1925.

There was a meeting of the Board of Aldermen of the Town of Chapel Hill at 8:15 P.M., Mayor Roberson presiding. The Aldermen present were Messrs. G.M.Braune, J.M.Cheek, C.T.Durham, and H.A.Whitfield.

The Minutes of the last two meetings were read and approved. Alderman Whitfield reported to the Board for the sewer disposal committee, stating that he had been to visit the Imhoff Installations at Durham and Wendell and that he felt that an installation of this type would be suitable for Chapel Hill. Alderman Whitfield stated further, however, that he did not feel that the site selected, approximately 800 ft. south of the Durham Road Bridge, was far enough away from desirable building locations. Upon the motion of Alderman C.T.Durham seconded by Alderman G.M.Braune, the following resolution was duly passed:

Be It Resolved By the Board Of Aldermen Of The Town Of Chapel Hill:

Section 1. That the report of Alderman H.A.Whitfield is hereby accepted and that this whole question be continued for a future meeting.

Section 2. That the Manager shall instruct the engineer to make estimates of the cost for locating the treatment plant about 1100 ft. further on the same side of the creek, and for a desirable location on the east side of Bowling Creek.

The election returns as contained herein were reported to the Board of Aldermen. Upon the motion of Alderman H.A.Whitfield, seconded by Alderman J.M.Cheek, the following resolution was duly passed:

Be It Resolved By The Board Of Aldermen Of The Town Of Chapel Hill:

Section 1. At the Municipal election held on May 5, 1925, and the results thereof as shown by the report of the registrar and the judges of the election are hereby declared accepted. *Legal and accepted.*

Section 2. That the following candidates are hereby declared elected:

Mayor, W.S.Roberson - two year term.
Aldermen, G.M.Braune - four year term.
C.T.Durham - four year term.
M.E.Hogan - four year term.
R.D.W.Connor - two year term.
B.S.Williams - two year term.
C.L.Wills - two year term.

The Mayor and Aldermen elect took the oath of office as shown herein.

Mayor Roberson requested Mr. H.A.Whitfield to continue to serve on the sewer committee until the question of the selection of the site had been settled.

Mr. Fred Cochran appeared before the Board with the request that the Board defray certain repairs on his automobile which he claimed were made necessary by hitting a large rock on the Raleigh Road about half way between Franklin Street and Cameron Avenue. It seems that on Thursday, Apr. 23, 1925 the Raleigh Road was being worked on by the road machine and that a large rock had been left in the center of the street. Mr. Cochran stated that he hit the rock and that the force of the blow lifted the front wheels of his automobile off the ground and threw the car into the ditch. The car was taken to the Pendergraft Service Station and apparently repaired and delivered to Mr. Cochran.

For Aldermen	Votes	
Carl Luskam	74	4 years
M. E. Hagan	74	4
E. L. Hills	64	2
B. S. Williams	58	2
G. M. Braune	72	4
H. G. Whitfield	39	+
R. H. H. Conner	65	2

For Mayor	Votes
W. S. Roberson	70
H. G. Whitfield	3

We, the undersigned judges and registrar of the Municipal election held in the town of Chapel Hill on May 5, 1925, for the purpose of electing a mayor and six aldermen, do hereby declare and attest that the election was legal in all respects and that the results listed above are true and accurate in all respects.

Mr. Cochrane stated that on the following Sunday he drove the car to Mebane and back towards Chapel Hill as far as Hillsboro and there the car broke down. Mr. Cochrane estimated that the repairs on the car would exceed \$100.00 and stated that he felt the town should reimburse him at least the amount of the repairs. Upon the motion of Alderman M.E.Hogan, seconded by Alderman G.M.Braune, the following resolution was duly passed:

Whereas the University of North Carolina owns this street and does all the maintenance thereon.

Whereas this fact is evidenced by the present plan of the University to pave this portion of this street:

Be It Resolved By The Board Of Aldermen Of The Town Of Chapel Hill:

Section 1. That it does not appear that the town has any liability for damages to an automobile which occurred on this street, owned and controlled by the University.

Section 2. That, however, the Manager is instructed to confer with the officials of the University with the view of determining if the town is liable for any accident occurring on any University road or street and as to what liability either the town or the University would have for damages occurring after Mr. Cochrane took the car from the Pendergraft Service Station and drove it to Mebane.

In the organization of the new board the Manager suggested that the various Aldermen committees consist of one alderman instead of several as in the past and that each alderman be named on only one committee. The fact was brought out that in any municipal government there were seven (7) main departments or divisions, including school, and that it was felt that much more efficient results could be obtained from these committees naming only one Aldermen committees for each division. In accordance with these the Mayor made the following appointments:

Committee of General Legislation	W.S.Roberson, Mayor.
Committee of Finance	M.E.Hogan, Alderman.
Committee of Public Works	G.M.Braune, Alderman.
	B.S.Williams, Alderman.
Committee of Public Utilities	R.D.W.Connor, Alderman.
Committee of Public Safety	C.L.Wills, Alderman.
Committee of Public Welfare	C.T.Durham, Alderman.

Upon the motion of Alderman M.E.Hogan seconded by Alderman G.M.Braune, the first Monday night in each month was selected for the regular monthly meeting.

The Board of Aldermen of the Town of Chapel Hill adjourned at 9:45 P.M.

W.S.Roberson, Mayor.

E.M. Kuo Clerk

June 1, 1925.

There was a meeting of the Board of Aldermen of the Town of Chapel Hill at 8:15 P.M., Mayor Roberson presiding, and the following Aldermen present: G.M.Braune, C.T.Durham, M.E.Hogan, C.L.Wills and B.S.Williams.

Mr. R.D.W.Connor was sworn in by the Mayor, taking the oath of office as contained herein.

Mr. R.D.W.Connor was excused by the Mayor at this time.

The rule was suspended and the following matters were taken up for discussion:

Mr. W.S.Hogan appeared before the board in regard to the charges of Town Taxes against him for the full valuation of his property. The Manager stated that a survey had been made of the corporate boundaries of the town, and that the line passed directly through Mr. Hogan's house, and that the front part of his lot was all within the corporate boundaries. Upon the motion of Alderman C.T.Durham, seconded by Alderman G.M.Braune, duly passed, the Manager was instructed to charge Mr. Hogan for town taxes on the basis of one-half the valuation listed by the county for county taxation.

The question of the location of the sewage treatment plant was then brought up for discussion, the Manager, reporting for the sewage treatment committee, stated that the committee did not feel that the advantages to be gained by placing the plant at the site No.2, approximately 2100 ft. south of the Durham Road, were sufficient to warrant the additional estimated cost of \$5,000; and that the committee would suggest that the plant be located at a place about one-half way between site No. 1 and site No. 2, about 1450 ft. south of the Durham Road for the additional cost of approximately \$1500. Upon the motion of Alderman M.E.Hogan, seconded by Alderman B.S.Williams, the following resolution was duly passed, all the aldermen voting in the affirmative therefor:

Be It Resolved By The Board Of Aldermen Of The Town Of Chapel Hill:

Section 1. That the report of the sewage treatment committee is accepted.

Section 2. That the engineers are instructed to make the plans necessary for the location of the site recommended by the committee, site No. 3.

Section 3. That the engineers are instructed to ask for bids immediately on the alternate proposal of site No. 2 and site No.3.

The proposed ^{pavement} treatment for Franklin Street was then brought up for discussion. The Mayor stated that the old Board had passed a resolution providing for a joint meeting of the Board of Aldermen together with the property owners on this street to consider the
