There was a called meeting of the Board of Aldermen held at the Town Office Nov 13th 1936 at 8 P.M. The Mayor&all Aldermen were present.

The purpose of this meeting was to consider further the petition of certain citizens living in Westwood for an extension of the sewer line to be constructed with PWA funds. Dr W.F.Prouty and Dr D.A.McPherson represented these people and stated their reasons for the request. A few of the citizens interested in the project signed the petition setting forth their willingness to pay a reasonable rental to the town for the service but no plan could be worked out whereby these citizens in Westwood could incorporate to deal with the Town of Chapel Hill to guarantee the property owners of the town, who were responsible for the retirement of the necessary bonds sold to finance the projest, their proportion of the cost would be paid.

In the absence of a satisfactory arrangement hwreby the Town of Chapel Hill would be reimbursed for the cost of that portion of the sewer line extending into Westwood the Board was obliged to deny their petition. On motion of Alderman Burch seconded by Alderman Hobbs the Board approved a resolution that those citizens who desired to come into the Town Mains would be required to pay a regular sewer rental of $1.50 and the construction of the lines to the town main would be at the citizens expense.

Due to the change in the original plans, which inclued the cost of the extemeded line into Westwood it is necessary to have the P.W.A. authorities approve a change order and on motion of Alderman Thompson, seconded by Alderman Dobbins and approved by the Board the City Manager was instructed to request the City Engineer furnish the necessary copies of the order for approval by the P.W.A.

There being no further business the meeting adjourned.

J.M.Coushee, Mayor

Acting Clerk.
