This motion was seconded by Alderman Hellen, and approved by the Board.

The Mayor read the report prepared by the joint committee of Town and University representatives. Mr. Hollett stated that copies of the report were being sent to each member of the committee.

The Mayor read a letter from Mr. Collier Cobb, Jr., Vice Chairman of the School Board, requesting that the Town levy a school rate of $ .20 per $100.00 valuation, an increase of 1½¢. On the motion of Alderman Bowman, seconded by Alderman Burch, this rate of $.20 for Current Operations was accepted by the Board.

SUBJECT: REPORT BY CITY ENGINEER

City Engineer Hollett reported that since the contract for surfacing had been let at a lower figure than had been estimated, there were some other streets that could be improved under the present P.W.A. program. In anticipation of making certain other improvements, he stated that it would be advantageous for the Board to approve the total yardage to be surfaced, other than that included in the contract let to J. M. Gregory, in order that sufficient materials could be ordered.

The following items were considered in the possible extension of the Gregory contract:

1. 7,940 sq. yards of surface treatment.
2. 2,100 ft. of Tray Gutter on W. Rosemary St.
3. 100 ft. of " " " Church Street.
4. 50 ft. of 12" Storm Sewer on Church St.

On the motion of Alderman Burch, seconded by Alderman Bowman, the Board approved the total yardage, above the contract, of 7,940 square yards.
