MINUTES OF REGULAR MEETING
BOARD OF ALDERMEN, TOWN OF CHAPEL HILL
OCTOBER 9, 1946

BOOK 7 PAGE 286

Mayor Madry presided over the meeting and all members of the Board were present.

Others present were Mr. Hinson, Mr. Hinshaw, Mr. Fitzrow, Mr. Foushee, Mr. Maynard and Mr. Turner.

The minutes of the meeting of September 18th were read and approved.

Mr. Foushee, Chairman of the Veterans' Housing Commission, came before the board to request that two veterans', Mr. Maynard and Mr. Turner, be permitted to connect to the sewer line for houses they are constructing on the Durham Road. The members of the Board were entirely sympathic with the veterans, but due to the policy established of prohibiting further out of town connections because of the already over-loaded sewer system, they were forced to deny the request.

Mr. Hinson was requested to have the notice with respect to disallowing further out of town connections, published in the paper again for the benefit of those who did not see the first publication.

Mr. Fitzrow, Sanitary Engineer of the Health Department, [redacted] reported that he was becoming acquainted with the restaurant owners and dairymen in Chapel Hill, and that inspections for grading would be made in this quarter. He stated that he had found all cooperative and he felt that sanitary conditions, in the business district especially, were improving. He also stated that the Health Department had helped many veterans in the installation of septic tanks.

Mr. Hinson gave the police report for the month of September. The report showed a total of 88 arrests made during the month; 24 were for speeding or reckless driving.

The ordinance for prohibiting the sale of wine and beer in Chapel Hill on Sunday was again brought before the board. Since the board voted a tie at the last meeting, it was necessary for the Mayor to cast his vote on the ordinance. Mayor Madry voted for the adoption of the ordinance, and reserved the right to change his vote on the next ballot, if he sees fit, in case of another tie.

The matter of a deep hole dug on a lot, located at the northeast corner of Roberson and West Franklin Streets, owned by W. G. Fields, was brought to the attention of the board. It was pointed out that some precautions should be taken to prevent anyone falling into the gully. Mr. Hinson was requested to ask Mr. Fields to put a substantial fence around the place, barbed wire, if necessary, and to maintain the fence as long as the hole was allowed to remain as it is.

There being no further business, the meeting adjourned.
